(2) Multiple importations of identical goods into the United States that occur within a specified blanket period, not exceeding 12 months, set out in the certification. For purposes of this paragraph, ''identical goods'' means goods that are the same in all respects relevant to the production that qualifies the goods for preferential tariff treatment under an applicable TPL.

§ 10.423 Certificate of eligibility not required.

(a) *General.* Except as otherwise provided in paragraph (b) of this section, an importer will not be required to submit a certificate of eligibility for:

(1) A non-commercial importation of a good; or

(2) A commercial importation of a good whose value does not exceed U.S. $2,500, or the equivalent amount in Chilean currency.

(b) *Exception.* If the port director determines that an importation described in paragraph (a) of this section may reasonably be considered to have been carried out or planned for the purpose of evading compliance with the rules and procedures governing TPL claims for preference under the US-CFTA, the port director will notify the importer in writing that for that importation the importer must submit to CBP a valid certificate of eligibility. The importer must submit such a certificate within 30 calendar days from the date of the written notice. Failure to timely submit the certificate will result in denial of the claim for preferential tariff treatment.

§ 10.424 Effect of noncompliance; failure to provide documentation regarding transshipment of non-originating cotton or man-made fiber fabric or apparel goods.

(a) *Effect of noncompliance.* If the importer fails to comply with any requirement under this subpart, including submission of a certificate of eligibility under § 10.422, the port director may deny preferential tariff treatment to the imported good.

(b) *Failure to provide documentation regarding transshipment.* Where the requirements for preferential tariff treatment set forth elsewhere in this subpart are met, the port director nevertheless may deny preferential tariff

treatment to a good for which a TPL claim is made if the good is shipped through or transshipped in a country other than Chile or the United States, and the importer of the good does not provide, at the request of the port director, copies of documents demonstrating to the satisfaction of the port director that the requirements set forth in § 10.425 were met.

§ 10.425 Transit and transshipment of non-originating cotton or man-made fiber fabric or apparel goods.

(a) *General.* A good will not be considered eligible for preferential tariff treatment under an applicable TPL by reason of having undergone production that occurs entirely in the territory of Chile, the United States, or both, that would enable the good to qualify for preferential tariff treatment if subsequent to that production the good undergoes further production or any other operation outside the territories of Chile and the United States, other than unloading, reloading, or any other process necessary to preserve the good in good condition or to transport the good to the territory of Chile or the United States.

(b) *Documentary evidence.* An importer making a claim for preferential tariff treatment may be required to demonstrate, to CBP's satisfaction, that no further production or subsequent operation, other than permitted under paragraph (a) of this section, occurred outside the territories of Chile or the United States. An importer may demonstrate compliance with this section by submitting documentary evidence. Such evidence may include, but is not limited to, bills of lading, packing lists, commercial invoices, and customs entry and exit documents.

EXPORT REQUIREMENTS

§ 10.430 Export requirements.

(a) *Submission of certification to CBP.* An exporter or producer in the United States that signs a certification of origin for a good exported from the United States to Chile must provide a copy of the certification (or such other medium or format approved by the Chile customs authority for that purpose) to CBP upon request.
